

Branch Capacity for Websites

This release includes enhancements to our new branch and area capacity tools. This release will be available to all associations on **Wednesday, May 27th**.

Branch and Area Capacity Enhancements

In order to assist associations in reopening efforts, Team Daxko has added several new tools for staff and members:

- Branch Capacity for Websites
- Rapid Check-In from Search
- System Credit Notification
- Updates to Branch Data in Custom Reports
- Updates to Facility Usage Data in Custom Reports

To learn more about this feature and how to get started, check out this week's [User Guide](#).
