

Closing a branch in Daxko Mobile without sending a notification

This new Daxko Mobile release has the ability to choose whether or not to send a notification when you change the branch status from “Open” to “Closed”. Read the full release details [here](#).

Closing Branches

We know there may be scenarios when you, the client, may need to close a branch in Daxko Mobile but do not want to send a notification to members. Well, now you have the option to not send that Push Notification.
