

Daxko Operations Release: Fundraising Enhancements + more!

With this Daxko Operations release, we are excited to include some meaningful enhancements to fundraising features that will improve the online donor experience and streamline staff processes. Plus, a few more items detailed below!

- Fundraising: Online Giving Form Enhancements
- Fundraising: Allow Maximum Pledge Scheduling
- Instructor Bios: Administrator Controls

And stay tuned for a recording of Daxko's session at NAYDO called **"Powering Purpose: Leveraging a 360° View to Accelerate Donations"**!

Online Giving Form Enhancements

As you know, online giving should be simple and straightforward. With the new **Online Giving Form** in Daxko Operations, associations can cut down on the number of unmatched and duplicated gifts made online, and eliminate staff time spent managing duplicate gifts or tracking down donor records. With this release, we're introducing a new online experience for donors who are adding a new online gift or paying an existing pledge balance.

The screenshot displays the 'Online Giving Form' interface. At the top, it says 'Welcome, Guest' and has links for 'Programs', 'Login', and 'Sign Up'. The main heading is 'Thank you for supporting the Star Wars Galaxy'. Under 'Donation Type', there are two radio buttons: 'New donation' and 'Pay for an existing scheduled gift'. The 'Pay for an existing scheduled gift' option is selected and highlighted with a red box. At the bottom, a light blue banner says 'Awesome! Please log in to pay your scheduled gift.' and a 'Log in' button is highlighted with a red box.

Allow Maximum Pledge Schedule

Multi-year campaigns are an important part of association fundraising efforts, and teams need an easy way to schedule pledges into the future as a part of these campaigns. This release includes a new campaign-level setting that allows users to choose their pledge schedule limit for each campaign, as well as a new quarterly schedule option available in house.

With this release, users can select the pledge schedule limit for a specific campaign between

1 - 5 years. Now when scheduling pledges in-house, users will have extended scheduling options for **quarterly**, **monthly**, **bi-weekly**, and **weekly** for any campaign with increased scheduled limits.

Administrator Controls for Online Instructor Bios

With this feature, administrator-level users in Daxko Operations can control the display of an instructor's bio and photo on the online program registration screen.

The above features will be available to all associations on **Wednesday, April 13, 2022**. Please contact support@daxko.com if you have any questions or feedback.

Stay Tuned: "Powering Purpose" NAYDO Session

You are a changemaker in your community! You transform lives and that transformation requires deeper connections with every donor. So what's limiting the movement from earning more donors and maximizing giving?...*Leveraging a 360 view of your members!*

Powering Purpose: Leveraging a 360 View to Accelerate Donations

NAYDO 2022 - Tampa, FL April 6-8

Daxko is offering a free recording from our session at last week's NAYDO conference called **"Powering Purpose: Leveraging a 360° View to Accelerate Donations"** where we'll discuss knowing your data, landing your message and reducing friction while handling online fundraising. Coming later this week — don't miss it!
