New! Document Storage in Daxko Accounting

In our September 30th webinar we had the opportunity to share about the new Document Storage feature available in Daxko Operations and Daxko Accounting. This release includes document storage for journal entries for associations who now have access to document storage in Daxko Accounting.

To learn more about document storage, please check out our [webinar](#) and reach out to your account executive at sales@daxko.com.

This new feature includes document storage for the following:

- AP Invoices
- Imported AP Invoices
- AR Invoices
- Imported AR Invoices
- Manual Journal Entries

Check out the [User Guide](#) for Document Storage in Daxko Accounting.

Also, we have granted access to all associations to try out Document Storage on the Daxko Accounting Training Site until November 8th.

This release also includes two other minor changes:

- We have added a *Select All* option for selecting Major Accounts in the General Ledger Report
- We are removing the announcements page from the home screen to allow for full-width viewing of widgets
