

# New Enhancements for Daxko Operations Submitted by You!

This release contains enhancement requests submitted by users through the Daxko Help Center! We love all of the great suggestions that are submitted to our product team. Here's an overview of the awesome value added to Daxko Operations with your help:

- Capacity Report for Camp
- Event logging for emailed receipts
- Event logging for emailed child care invoices
- Email multiple members for child care invoices

*And several more!*

To read all of the details, check out this week's [User Guide](#).

**Also, if you missed our email last week, there are two changes you will want to be aware of:**

- [Clickjacking Security](#) enforced tomorrow, June 26th
- Reconciliation for bank deposits [returning to prior process](#), beginning July 1st.
