

New Prospecting Features!

This release includes exciting updates to the member prospecting features in Daxko Operations. As we announced with our [May 20th Training Site release](#), we have revamped our prospecting features, including new prospecting forms.

New! Prospecting Forms and Other New Features

With this release, users have the ability to create simple forms to collect prospecting leads directly into Daxko Operations. This allows people to submit their own lead or interest form from virtually anywhere, saving valuable staff time and helping you connect without contact.

In addition to the new forms, we have also updated the Add Prospect and Prospect Profile features and introduced a new View Prospects page.

A screenshot of a web form titled "Greetings! Tell us about yourself..." with the Daxko logo at the top. The form is titled "Contact Information" and contains several input fields: "First Name" (filled with "Seymour"), "Last Name" (filled with "Glass"), "Email" (filled with "s.glass@bananafish.org"), "Phone" (filled with "5552223333"), "Gender" (a dropdown menu with "Male" selected), and "Branch of Interest" (a dropdown menu with "All Branches" selected). At the bottom of the form is an orange "Save" button.
